**RE: Castleberry Telephone Co., Inc.'s (SAC 250285) Response to Notice of Study
Area Boundary Overlaps;
WC Docket Nos. 10-90 and 05-337**

Dear Ms. Dortch, Mr. Fallon and Mr. Emmett:

This letter constitutes Castleberry Telephone Co., Inc.'s ("Castleberry") response to the June 20, 2014 notice from the Federal Communications Commission's ("FCC") Wireline Competition Bureau of at least one overlap between Castleberry's study area (Study Area Code 250285) and that of a neighboring incumbent local exchange carrier ("ILEC").

Castleberry has reviewed the FCC's map of the current study area boundaries posted online at <http://apps.fcc.gov/wcb/sabdata/> and has identified the neighboring ILEC involved in the overlap as South Central Bell – Alabama, Study Area Code 255181; the map identifies seven area of overlap, with a total area of 1.86357 square miles.

To the best of its knowledge, information and belief, Castleberry hereby certifies that South Central Bell – Alabama's boundary is correct with respect to each of the identified areas of overlap and requests the FCC to conform Castleberry's study boundary area so that it meets that of South Central Bell – Alabama, thereby eliminating the overlap.

Ms. Marlene H. Dortch, Secretary
Ms. Chelsea H. Fallon, Asst. Chief
Mr. John Emmett, GIS Specialist
